Project Name	DarshanEase
Maximum Marks	

Project Overview

Project Name: DarshanEase

Project Description:

DarshanEase is a full-stack web platform designed to simplify temple visits by allowing devotees to discover temples, book Darshan slots in advance, and make secure donations online. The platform also provides dashboards for temple organizers and administrators to manage bookings and temple information efficiently.

Project Version:

Version 1.0

Testing Period:

20 February 2026 – 25 February 2026

Testing Scope

Features Tested

- User Registration
- User Login
- Temple Search
- Temple Details Page
- Darshan Slot Booking
- Online Donation
- Organizer Dashboard
- Admin Dashboard

User Stories Tested

- Users can register and login to the system
- Users can search for temples
- Users can book Darshan slots
- Users can make donations
- Organizers can manage temple slots
-

Testing Environment

URL / Location:

Local Development Server (<http://localhost:3000>)

Credentials (if required):

User Login

Email: testuser@gmail.com and Password: user@123

Admin Login

Email: admin@darshan.com Password: Admin@123

Test Cases:

Test Case ID	Test Scenario	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-001	User Registration	Enter name, email and password → click register	User account created successfully	Registration successful	Pass
TC-002	User Login	Enter valid email and password	User logged in successfully	Login successful	Pass
TC-003	Temple Search	Search temple by name/location	Matching temples displayed	Temples displayed correctly	Pass
TC-004	Temple Details	Click on temple card	Temple details page opens	Temple details displayed	Pass
TC-005	Darshan Slot Booking	Select temple → choose slot → confirm booking	Booking confirmation message shown	Booking successful	Pass
TC-006	Organizer Dashboard	Organizer logs in and manages slots	Organizer dashboard loads correctly	Dashboard works correctly	Pass

Bug Tracking:

Bug ID	Bug Description	Steps to reproduce	Severity	Status	Additional feedback
BG-001	Minor UI alignment issue on temple listing page	Open temple explorer → resize browser window	Low	Closed	Fixed using responsive CSS
BG-002	Booking button not disabled after submission	Book slot → click submit multiple times	Medium	Closed	Added booking validation
